

****EVEN ALERT****

Hello everyone!

Please help with this.

Fox has a new show, *Unhitched*, tentatively scheduled to air in March. ***One of the promos for this program shows a rat being microwaved to death by two boys.***

As you all know, **animal cruelty is *not* entertainment.** And what message does this example send to our young people?

Please take just a moment of your time to *politely but firmly* ask Fox to stop airing this promo and not to air this episode. It will only take a minute of your time to call and/or email. (Robert and I have done both.)

Please forward this request, as you see fit, to others in your circle and ask your friends and family if they would also do the same.

You will get an answering machine. Please leave a polite message.

Thank you, Claudia, PCRM, for this information and thank you everyone for taking action on this.

******EVEN ALERT******

Dear EVEN Members and Supporters,

Please read this very important message from UO SETA Co-Director, Carrie Freeman, and learn what we all can do to help save one of the few veg restaurants in Eugene!

Thank you!

A Message from Carrie Freeman, SETA Co-Director

"Read the Emerald or talk to Cathy at Holy Cow to find out about what you can do to support Holy Cow Cafe, as the EMU says they plan to replace it with Laughing Planet next year.

I say why not replace Subway, instead, with Laughing Planet? But don't replace the only vegetarian restaurant on campus with one that serves flesh, even if it is "vegetarian-friendly." We want additional eco and ethical restaurants, not just one, and we certainly don't want to lose a vegetarian haven and local icon like Holy Cow Cafe.

WHAT TO DO:

1. Go to Holy Cow and **sign their petitions.**
2. Write a letter to The Emerald at letters@dailyemerald.com.
3. Write an email to the EMU Food Services Director, John Costello at jcost@uoregon.edu or call him at **346-3719.**
